## DETAILED ACTION

## Allowable Subject Matter

Claims 1-5 and 7-24 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1-10 and 24 were indicated as allowable in the previous Office Action. Claims 1-10 and 24 are allowed for the same reasons given in the previous Office Action.

In addition, upon further consideration, claims 11-23 are allowable. Specifically, Accardi et al. do not disclose or suggest using the mean to determine an estimate of a value of the signal to noise ratio variable for a frame of an observed signal, as required by independent claim 11. Rather, Accardi et al. specifically state that when determining an estimate for the signal to noise ratio variable the expectation operators are dropped (see paragraph 10 of Accardi et al.) As indicated in the previous Office Action, the expected value of a function is equivalent to the mean of a function. Since the expected value operators are dropped when determining an estimate of the signal to noise ration variable in Accardi et al., using the mean to determine an estimate of a value of the signal to noise ratio variable for a frame of an observed signal is not taught or suggested by Accardi et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian L. Albertalli whose telephone number is (571) 272-7616. The examiner can normally be reached on Mon - Fri, 8:00 AM - 5:30 PM, every second Fri off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Hudspeth can be reached on (571) 272-7843. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
